TEMPORARY EXPANDED LIQUOR SERVICE AREA

The City has chosen the Liquor & Cannabis Regulation Branch (LCRB) Pre-Approval option for the temporary expansion to service areas for Food Primary, Liquor Primary, and Manufacture licensees. The proposed patio extension must meet the LCRB Temporary Expanded Service Area Authorization and the business must apply for a COVID Temporary Extension Application through LCRB. LCRB will authorize this temporary expansion under the owners current licence. The Province has waived fees for this application and authorization process for the COVID Temporary Extension Application (this pre-approval expires Oct 31, 2020).

Example of a temporary expanded liquor service area

Prior to constructing the temporary expansion patio on City lands, a Business must apply with Development Services for an encroachment permit to ensure the Business has liability insurance and does not impede on the flow of pedestrians or public work operations.

FEES WAIVED

The City is committed to supporting businesses impacted by COVID-19. All application fees are waived for the year 2020 as prescribed in Fees and Charges Bylaw No. 2256 associated with applications on City owned or leased land for uses such as: vending or busking; retail purposes (i.e. sandwich board sign, display racks and tables); and, outdoor patios.
